

# Mike Reuter

I am speaking here as an individual and not as the Mayor of Kalama.

According to the website -[https://opencorporates.com/companies/us\\_wa/603366951](https://opencorporates.com/companies/us_wa/603366951), you can see how many Northwest Innovation Works LLCs there are. There has already been a long history of dissolving some of its companies at the drop of a hat, even with the Chinese government and other significant investors backing it.

Before the Department of Ecology makes recommendations on mitigations, there needs to be something more substantial in place than a signature by one person.

Here are all of the Northwest Innovation Works LLCs

Northwest Innovation Works LLC. Company number 97963194  
Nov 25th, 2013 to present

Northwest Innovation Works LLC. Company number 603479637  
Feb 19th, 2015 to present

Northwest Innovation Works LLC. Company number 97962691
