

William Phipps

for the love of god/ess
we have got
to stop
all things gas related !!!!
methane is so toxic and so polluting and hangs around for so long...
the lag time of CO2 and methane is decades !!!
that means that what we have already put there will stay there in atmosphere for decades.
we have got to stop putting more ghgasses into atmosphere .
AND STOOP NOW !!!
No more fracked gas.
No more coal mining...NONE.
NO MORE OFFSHORE OIL MINING.
no LNG export facilities.
No more methanol plants.
shut down all coal plants NOW..
we are destroying our planet right in front of our eyes!!!
for the sake of future generations of all life on earth,
we must stop spewing GHG into atmosphere.
NOW...NO MORE...
total switch to renewable energy,
electric cars, busses, trucks.
battery storage.
micro grids,
solar and wind turbines on a MASSIVE SCALE ...NOW.
FOR THE LOVE OF GOD/ESS ...
NO METHANOL PLANT IN WASHINGTON!!!
NO METHANOL PLANT ANYWHERE.!!!
