

Dax Messett

My name is Dax Messett, Pacific Northwest fishing guide for the past 25 years.

It is of my opinion that the financial burdens and ecological risks greatly outweigh any intended benefits of the proposal to construct a flood retention facility and associated temporary reservoir on the Chehalis River, near Pe Ell, Washington.

I think we should instead consider proven non dam alternatives that we could implement sooner and much less expense.

Thank you for your consideration.

Dax Messett, USCG Captain
