

# Emily Lisborg

Hello,

As a concerned citizen of Oregon I am writing to express support for an end to the proposed Chehalis Dam project, which will not prevent flooding long term, but will damage already severely threatened salmon and fish runs. It would be such a step backwards to see this project go through in light of all the work that has been done by the conservation groups and tribal groups recently to free rivers from harmful dams.

Thank you,  
Emily Lisborg
