

Yvette Tapp

The Chehalis dam is back... and even bigger and more destructive. The latest proposal could cost close to \$2 billion—with no good plan to pay for it. It's 2026. We all know that dams aren't the answer—not when we have modern, proven flood solutions that can protect people, the land, and salmon. This mega-dam behind us, so we can focus on real solutions to improve wildlife situations, indigenous salmon freedoms and rights, Natural Balancecs, and keep communities safe
