

Theresa DeLuca

The Chehalis dam is back... and even bigger and more destructive. The latest proposal could cost close to \$2 billion—with no good plan to pay for it. It's 2026. We all know that dams aren't the answer—not when we have modern, proven flood solutions that can protect people, the land, and salmon.

Put this mega-dam behind us, so we can focus on real solutions to improve our fish runs and keep communities safe.
