File Number: MSC26-0027, Centralia Coal-to-Gas Project (the Project)

Date Received: 07/31/2026

Comments Due: 09/04/2026

Thank you for the opportunity to review and comment on the above project. Lewis County Community Development circulated your documents to the Environmental Health and Public Works departments for their comments. Following are the County comments:

- Planning UGA Review - No Comment
- Building - No Comment
- Environmental Health - The project location is the Site of a listed contaminated site and an Underground Storage Tank location. Please consult with the Washington State Department of Ecology for details relating to existing contamination location and if it may be disturbed or encountered by workers during the planned activities. If additional contamination is caused or discovered during the planned activities it should be reported to swroerts@ecw.wa.gov, 360.407.6300
- On-Site Septic - No Comment
- Water - The project site is served by a Group A public water system with a surface water source. The system is classified as a non-transient, non-community public water system approved to serve a non-residential population of 200, up to 43 connections, and a distribution capacity of 99,000 gallons. Any proposed expansion of the water system may require coordination with Washington State Dept. of Health Office of Drinking Water. Contact Nathan Yutzy, PE, 360-485-5811. No further comment.
- Roads & Utilities - Work in Right Of Way Permit will be required when working within County Right of Way.
- Stormwater - Stormwater shall meet Section 15.45 of Lewis County Code.
- Transportation - No Comment
- Access - If access is modified than a Road Approach Permit may be required.
