

## Alan Butler

Please take a look at rule citation on Page 101 of the draft. It's in the Source Categories and Calculation Methods table, the row for Subpart HH. 40 CFR 98.346 (i)(13), as cited in the table, does not exist. The correct citation should be: 40 CFR 98.346(j)(13). 40 CFR 98.346(i) is for MSW landfills with no LFG collection system. Here's the link:
