

# Kay Farrell

Washington state continues to punish & put out of business Farmers, Ranchers, Small Business as well as Orchardists, processing plants and Breweries!

We cannot afford to stay in business or live in Washington state! Many many have all ready moved out!!

Olympia politicians are out of touch with reality.

The rules & regulations along with the high cost of living in Washington is bankrupting many people!!

The exceedingly high costs as well as the over reaching rules & regulations are insane!

The regulations have not moved the needle in a positive way on any of the outrageous regulations!!

Some top over paid bureaucrats need to be gone. NOW
