Dear Nikki Harris,

Thank you for the opportunity to comment in support of the updates to the Clean Truck Rules. State leadership on clean transportation has never been more important and I commend the Department of Ecology for making sure we have more clean trucks on our roads in Washington by upholding the Advanced Clean Truck (ACT) and Heavy-Duty Low NOx Omnibus (HDO) rules.

We can't let polluters take away our clean air future. Every delay in clean truck policies directly impacts public health, especially for low-income communities and communities of color, who are disproportionately exposed to harmful diesel emissions.

I strongly support Ecology's proposed rules on ACT and HDO, which are critical for improving public health and meeting our statutory greenhouse gas emission limits that are critical to address the climate crisis.

Thank you.
