Please stop making stupid decisions that cause immense pain for everybody else. With a dumb idea like this one, people lose their jobs, can't afford to live, and are miserable. We don't want to live in a Communist environment full of apathy and deterioration of all the things that bring joy to human beings. Many will move if you keep this kind of crap coming and it's hard to get your tax money from the homeless drug addicts who are flocking to our state. Simply, quit the Commie crap! This isn't China and we don't want it to be!
