Your Comment here:

I live in the Cooks Creek Watershed in Bucks
County. The Cooks Creek Watershed is a Pennsylvania
Exceptional Value watershed. I and everyone else
who lives in the Cooks Creek Watershed depend on
it for our drinking water. The introduction of
The Delaware River Watershed supplies water
to its residents and millions more.

of ^{the} cocktail of poisons used in hydraulic

fracturing threatens the quality of the water

in the Delaware River Watershed and the health
of the people who rely on that water.

The taking of water from the Delaware River

watershed threatens the flow^{ing} of the streams

and ~~not~~ rivers of the watershed. We need

the water we have and we need this water

to remain free of the poisons used in

hydraulic fracturing.
