

kathleen rengert

the proposed regulations do not fully protect communities from the impact fracking has – they still allow for the exportation of fracking wastewater from the Basin to fracking elsewhere AND the importation of wastewater for treatment into the Basin.

Please know that we want it ALL banned! Water is life on earth, without it we don't live. Why poison the water that we drink? Let's think progressively, sustainably. Lets envision a world where fossil fuel giants no longer control America's energy.
