

# James J Thomas Thomas

Thomas J. Shepstone

I am a land owner in Canaan Township (Maps 04-0-0262-0015 & 0014). In support of President Trump and his effort "To Make America Great," I support horizontal drilling and hydraulic fracturing. Drilling and Fracturing is a safe and clean process to extract gas from shale. Shale gas resources offer important economic, energy security, and environmental benefits. Therefore I recommend that the DRBC pass horizontal drilling and hydraulic fracturing in Canaan Township.

Respectfully, James J. Thomas
