

# Sam Geez

Dear DRBC Comments:

This email is a test of DDC Advocacy email system. We apologize for any inconvenience it may occur.

This test is necessary to ensure our systems use zip code-to-district matching technology to link individuals with their elected officials. With this feature, we are able to guarantee that all of the communications generated through our systems are sent only to an individual's correct legislator.

Every constituent communication sent from one of our systems is the result of an opt-in process in which each individual chooses to send a letter to his or her Member of Congress.

Sincerely,  
Sam Geez
