

Nancy Gaylord

I am a property owner in Damascus Township, PA. I am against drilling and fracking in the Delaware River Basin. I support the DRBC in their efforts to keep the Delaware River Basin watershed pristine with excellent water quality and a good quality of life for residents of the area. I support Maryland and New York state in their statewide bans. Please do all you can to keep drilling and fracking out of the Delaware River Basin in order to ensure our underground water supply, our river, our beautiful forests and lands, our quality of life, are maintained unspoiled for generations to come. Thank you for your consideration.
