Please Sir, and Madams, 1.Special Regulations Part 440 Hydraulic Fracturing in Shale or other Formations 2. Revisions to the Commissions classifications for project review set forth at 18 CFR 401.43 3. Guidance for Determining Background Concentrations in Surface Waters. As a resident and local taxpayer of the township and private well water user I beseech you to consider a full ban on all water withdrawal and a full ban on discharging frack waster water in our beloved river. Thank You.
