

## Mark Canright

Greetings! Local citizen who really cares about protecting our environment. I think it's very important to encourage local citizens to be involved in the decision making process around environmental issues. Please, let's work together to ensure that citizens can fully participate in this process, so as to ensure our environment is fully protected for the future. Are forest, water bodies, and other wild and scenic places of our region deserve to be safeguarded for decades to come. So in the comma we all have a role to play here. Please use your influence, and help us all steward our magnificent local environment. Thank you very much, for your time and consideration! Have a great day.
