The Executive Director is given far too much authority over many crucial decisions and these are made behind closed doors, without the public and without a vote by the DRBC Commissioners. These include: the power to decide whether or not a change to a project is "material" (if it is "materials" it would open up for more robust review); and decisions about the submission of applications for projects, what is required in an application and when an application is complete; the extension for some permits for as many as 5 additional years.
