

Sheila Norris

In God's name, why would you ruin a much needed and much used water source in this way? Do you REALLY care about Wyoming or the residents living here? This is a wonderful recreation and fishing area, along with the river being fed by it! You People need to STOP ruining every thing in Wyoming!! I Pray the evil (that drives you), will be stopped by God! You seem determined to decimate the Beautiful State of Wyoming! You have already caused enough loss to our Citizens!
STOP
