If this discharge permit is allowed, the criminalization of our Wyoming and USA governments AS WELL AS the oil and gas companies continues in corruption, selfishness, and profit at the expense of the environment and its effect on the general public.

Is ANYONE beyond Joe Public concerned about the future of Boysen Reservoir and it's public use in a variety of ways, and Fremont County, and Wyoming?

Keep it up and we won't have to be concerned about our future - it's being destroyed through the audacious actions of Aethon and other money- grubbing "all for the almighty dollar" companies and government.
