

# Michael Bailey

As a citizen of Fremont County Wyoming, I support Aethon Energy expanding its operation, hiring additional personnel and helping improve our economy. This would have a huge impact on my family who all live, work and play in this great state, not to mention the economic security of the State of Wyoming. The revised permit appears to prevent Aethon from doing this. I strongly encourage the Wyoming DEQ to approve the initial draft of the Aethon Moneta divide Proposed discharge permit and manage the discharge within acceptable limits for the benefit of all Wyoming.

Thank you
