

Lindy Linn

To whom it may concern,

My husband and I ranch and have property along Badwater Creek just north of Shoshoni. We fully understand the layers of protections that exist in the permitting of these discharges and acknowledge that unregulated activities far exceed any pollution that Aethon's highly regulated development will ever contribute to the watershed. Wyoming DEQ must not let ill-informed citizens that have been influenced by a fear driven agenda stifle the ability to produce energy in our state. We fully support Aethon Energy expanding it's operation. We encourage Wyoming DEQ to approve the initial draft of the Aethon (Moneta Divide) Proposed Discharge Permit and manage the discharge within acceptable limits for the benefit of my family and all Wyoming citizens.
