

David Chamblin

As a former resident of Fremont County I understand the benefit Aethon provides to the community. I do NOT support the revised second draft, but do support the initial draft proposal WYPDES permit WY0002062, allowing Aethon to expand its operation, hiring additional personnel, helping improve our economy, and positively impacting the community. I encourage the Wyoming Department of Environmental Quality to approve the initial draft of the Aethon (Moneta Divide) Proposed Discharge Permit and manage the discharge within acceptable limits for the benefit of all Wyoming citizens.
