

Peter Cameron

I am writing in opposition to the expansion of the Evan's Gravel Pit on the Dell Cr. Rd., Bondurant WY.

My son, daughter and I own 26 acres directly across from the gravel site and would be majorly affected by the operation. Though we are no longer full-time residents of the area, the time we spend is precious and the noise and general commotion would severely detract from our time spent there.

As a former owner and rancher of the surrounding property, I have full knowledge of how a commercial gravel operation would affect any livestock movement in and around the area. Dell Cr. Rd. is a major artery for livestock movement and the commotion would greatly interfere with livestock flow.

The Hoback Basin is a unique place and we should try to preserve its rural character.

Sincerely,

Pete Cameron
