I oppose the approval of a new operating permit for C&H Hog Farms. No matter what safety precautions are proposed, the risk is too great for our beautiful national river. The Buffalo River has not only been enjoyed by generations, it is a major tourist attraction, drawing countless to the state of Arkansas. What a pity it would be to allow a hog farm to take precedence over the environmental concerns of the beautiful Buffalo River. What a pity it would be if we ruin this scenic area for the generations to come. Please do not allow the C&H Hog Farm permit to be approved.

Thank you,
