

Sharon Pierce

I went to the Public Meeting in Jasper on Oct 16 and spoke. One thing I kept hearing is that the farm should NOT have been given a permit 5 years ago. I don't know if this is true or not, but what I also heard was that the farm has had NO violations, spills, problems, etc. The opposition thought the farm had been 'done wrong'. My thoughts are SINCE they were given the permit whether in error or not, and SINCE they have done everything asked of them plus, and SINCE they have had no violations or citations, let them KEEP their permit, and just don't give one to another farm. Continue monitoring them, no problem there, no one wants the Buffalo polluted, but look at the other areas brought up as a possible source of pollution...thousands of wild hogs and the millions of tourists.
