HABITAT PROGRAM

Sept. 6, 2019

Dear Lisa Wood,

I'm writing to comment on the Dept. of Fish & Wildlife's plan for gray wolves in Wash. State. I've

been supporting wolves of all kinds since the Fo's in one way or another (Defenders of Wildlife, the Center for Biological Diversity, etc.). To see wolves pushed a comeback

to see them on equal footing with prey abn-
Hure meant. It to be -
was so moving and in-
spiring. To see your
Dept. now pull them, back

my heart and angers me. I
thought ranchers were being
reimbursed for lost cattle
in most places? What is
going on?

Thank you for listening.

Sincerely,

Mrs. Helen Zenon
