

Randy Haugen

So the ranchers are going to rebel or use some kind of Violent means if the WDFW will not listen to every demand they make no matter how much of a lie it is..The Ranchers are the problem here,They need to Follow the law and if not start arresting the them for making threats towards the Government and to the threats of killing Wolves..Get rid of the people who run the agency and start over. The Lands belong to All of us Not the Ranchers.
