

Wolf Post-Recovery Plan Scoping

Please give us your comments!

The Washington Department of Fish and Wildlife is inviting the public to comment on the scope of a post-recovery plan for wolves in Washington. Scoping helps us identify reasonable actions, alternatives, and impacts to be discussed in the plan. Scoping improves decisions and encourages collaboration, cooperation, and early resolution of potential conflicts. It is intended to narrow the focus of the plan to the relevant issues. **The public scoping comment period for this process is open from August 1, 2019 through November 1, 2019.**

Comments can also be provided electronically at wdfw.wa.gov/wolves-post-recovery-comments
