**What is your gender?**

Male

**Age?**

34

**County (or Counties) of Primary Residence?**

King

**Residential setting:**

Urban

**Do you identify yourself as any of the following?**

Environmentalist

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf-livestock conflicts

Wolf hunting

Habitat connectivity

Goals objectives strategies and tasks

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

I think the plan should give wolves complete protection on public lands. On private land, ranchers can have more freedom to protect their livestock. But if ranchers opt to graze their livestock on public lands, that does not give them the right to kill wolves on public lands.
