

Mildred Lansing

What is your gender?

Female

Age?

67

County (or Counties) of Primary Residence?

Clearwater & Asotin

Residential setting:

Rural

Do you identify yourself as any of the following?

Livestock Producer

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf-human interactions

Wolf hunting

Reporting and evaluation

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

The number of wolves on the Eastern side of the Cascades has increased to a level that is causing economic hardship for livestock producers. It is devastating the deer & elk herds. When wolves kill cattle the number of kills should be lowered. You shouldn't have to lose so many before lethal action is taken.
