WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf-human interactions

Wolf hunting

Translocation

Goals, objectives, strategies, and tasks

Costs and funding priorities

Economic analysis

Please list other topics here. The next page provides space for general comments on the scope of the plan.

Economic analysis must indirect economic impacts on livestock (e.g. loss of fertility, lack of weight gain, compounding losses over time when a productive mother cow is lost early in her life span); Social Cost analysis (triple bottom line approach) identifying social "costs" of actions as well as financial and ecological, valuing humans as part of the ecosystem
