

Kim Widner

What is your gender?

Female

Age?

60

County (or Counties) of Primary Residence?

Kittitas

Residential setting:

Rural

Do you identify yourself as any of the following?

Hunter

Livestock Producer

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Conservation is finished. They have established a large range and impacts are being felt. They are not only poaching livestock, people's incomes, but also deer and elk. In addition they are causing shifts in all predator kinds - bear, cougar and bob cats. These are more visible in towns than ever in 30 years in Kittitas Co.
