

John Garman

**What is your gender?**

Male

**Age?**

36

**County (or Counties) of Primary Residence?**

Skagit

**Residential setting:**

Rural

**Do you identify yourself as any of the following?**

Environmentalist

Hunter

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf management areas

Wolf hunting

Land management

Habitat connectivity

Information and education

Research

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

I believe wolves should be allowed to expand naturally throughout suitable habitat in the state. Wolves should be managed for sustaining the population while providing hunting opportunities. I think it is important to have a healthy wolf population that also needs to be managed.
