What is your gender?

Male

Age?

45

County (or Counties) of Primary Residence?

Whatcom

Residential setting:

Suburban

Do you identify yourself as any of the following?

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf interactions with other species

Wolf hunting

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Since hound hunting was abolished in this state the cougar population has exploded then the state introduced an invasive species of wolf. Not the original species that was here before has contributed to the decline of the deer and elk herds that were already in some decline before the wolves were introduced. It is my opinion that hound hunting for bear and cougar should be brought back into practice and the invasive wolves should have the same regulations as coyote hunting.
