

Samantha Turetsky

What is your gender?

Female

Age?

28

County (or Counties) of Primary Residence?

Pinellas

Residential setting:

Suburban

Do you identify yourself as any of the following?

Environmentalist

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Please list other topics here. The next page provides space for general comments on the scope of the plan.

Protecting wolves- they are animals who are just trying to survive as humans encroach on their territory

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

In my view, it is premature for the state to begin post-delisting planning and the corresponding inevitable discussions of hunting. The wolf population is still very fragile and hunting should not be considered as the population is trying to recover.
