What is your gender?

Male

Age?

33

County (or Counties) of Primary Residence?

Asotin

Residential setting:

Suburban

Do you identify yourself as any of the following?

Environmentalist

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Land management

Habitat connectivity

Goals objectives strategies and tasks

Economic analysis

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

The wolves are decimating elk on the eastern side of the state. They are also already preying on livestock. The wolf numbers need to be highly regulated as they will out compete themselves for food. Tight restrictions on wolf numbers will help to give our already shrinking deer and elk populations a fighting chance.
