

John Senseney

**What is your gender?**

Male

**Age?**

55

**County (or Counties) of Primary Residence?**

Chelan

**Residential setting:**

Rural

**Do you identify yourself as any of the following?**

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf classification/status

Wolf-livestock conflicts

Wolf interactions with other species

Wolf hunting

Land management

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals objectives strategies and tasks

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

I support the recovery of wolves in Washington State. The need to understand and educate the public in the role they play in our ecosystem. I don't support hunting as a way to manage wolves. I do think that public lands should be manage with wolf recovery as a priority over livestock.
