

Dennis Peterson

What is your gender?

Male

Age?

61

County (or Counties) of Primary Residence?

King

Residential setting:

Suburban

Do you identify yourself as any of the following?

Environmentalist

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Land management

Habitat connectivity

Information and education

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Wolves need to be managed, they have severely impacted all other wildlife in some areas. Hiked 30 miles on Crowlly Ridge in the Salmo Priest wilderness last summer there was little sign of any wildlife. All we saw was old wolf scat (with fawn hoof in it). There was no food for the wolves any more so they moved on too.
