

Stephen Zettel

**What is your gender?**

Male

**Age?**

67

**County (or Counties) of Primary Residence?**

Clallam

**Residential setting:**

Suburban

**Do you identify yourself as any of the following?**

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Translocation

Land management

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals objectives strategies and tasks

Costs and funding priorities

Economic analysis

Please list other topics here. The next page provides space for general comments on the scope of the plan.

Include in Economics the positive value of recreation -- wolf-watching, etc.

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

I am absolutely opposed to allowing wolf hunting while wolf populations are recovering and re-establishing themselves.

I am absolutely for using the best fact-based science to guide wolf recovery efforts and for WDFW decision-making.

The establishment of viable self-sustaining wolf populations is very important to me as a quality of life issue.
