49

**County (or Counties) of Primary Residence?**

Multnomah

**Residential setting:**

Urban

**Do you identify yourself as any of the following?**

Environmentalist

Hunter

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Habitat connectivity

Information and education

Research

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

Stop killing wolves. Money should be spent on training ranchers to share the land with native species and to protect their own herds on private property. Future plans should include removal of free range animals from public land onto protected (fences, guard dogs, etc.) private property. These ranchers have lived on government subsidies for long enough.
