

Robert Thetford

**What is your gender?**

Male

**Age?**

50

**County (or Counties) of Primary Residence?**

Thurston

**Residential setting:**

Urban

**Do you identify yourself as any of the following?**

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Land management

Habitat connectivity

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

Killing wolves increases the spread of disease in livestock. Everyone knows this. It also increases the population of rats. Therefore you must love diseased livestock and increasing the rat population. Please don't kill more wolves.  
Thank you.
