

Barbara Blackwood

What is your gender?

Female

Age?

72

County (or Counties) of Primary Residence?

Spokane

Residential setting:

Suburban

Do you identify yourself as any of the following?

Environmentalist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf management areas

Wolf-livestock conflicts

Wolf hunting

Land management

Research

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

The citizens of Washington overwhelmingly support the protection of wolves. Science has proven that wolves are critical to our environment. Cattle do not belong on public land if wolves are not protected. Ranchers and those that want to destroy this beautiful species have absolutely no business being in charge of Wolf management. We need educated and scientific people making decisions on Wolf management.
