**What is your gender?**

Female

**Age?**

53

**County (or Counties) of Primary Residence?**

King

**Residential setting:**

Urban

**Do you identify yourself as any of the following?**

Environmentalist

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf classification/status

Wolf-livestock conflicts

Land management

Habitat connectivity

Reporting and evaluation

Please list other topics here. The next page provides space for general comments on the scope of the plan.

Importance of wolf habitat/wildlife habitat vs importance of continued livestock grazing areas

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

Wolves should still be listed as "endangered" in WA state  
Wolf/wildlife habitat should be given priority over livestock grazing land use  
Hunting is not a good option for wolf behavior/population management
