

Mona McNeil

**What is your gender?**

Non-binary/Third Gender

**Age?**

72

**County (or Counties) of Primary Residence?**

Clark

**Residential setting:**

Suburban

**Do you identify yourself as any of the following?**

Environmentalist

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf hunting

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals objectives strategies and tasks

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

Wolves belong in Wa state and play an important role as apex predators. Cattle don't really belong in wild areas. Profits are not as important as biological balance and genetic diversity. Wolves keep prey species healthy.
