69

**County (or Counties) of Primary Residence?**

Spokane

**Residential setting:**

Rural

**Do you identify yourself as any of the following?**

Environmentalist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Translocation

Land management

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals objectives strategies and tasks

Costs and funding priorities

Economic analysis

Please list other topics here. The next page provides space for general comments on the scope of the plan.

The wolves HAVE to be saved!

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

The wolves have their own territory for living & hunting. These ignorant ranchers that insist on allowing their cattle to graze on Federal lands in the wolves territory have NO RIGHT to blame the wolves. Those ranchers that defy that rule need some serious education & reprimanding about the issue. Those ranchers are NOT more important than the wolves & it's about time the ranchers know it. Maybe our government needs to make it illegal for ranchers to graze their cattle on Federal lands.
