

Albert James

What is your gender?

Male

Age?

65

County (or Counties) of Primary Residence?

Stevens

Residential setting:

Rural

Do you identify yourself as any of the following?

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Land management

Habitat connectivity

Goals, objectives, strategies, and tasks

Please list other topics here. The next page provides space for general comments on the scope of the plan.

gray wolf "recovery plan" for Washington state, which is home to over 7 million people, will be extremely expensive to manage. Gray wolves pose a serious threat to private property rights and endanger public health and safety. Gray wolf proliferation has already taken a serious toll on existing wildlife populations in neighboring states while negatively impacting legally enacted multiple-use policies on public lands.
