

Xiaoling Song

What is your gender?

Female

Age?

48

County (or Counties) of Primary Residence?

king

Residential setting:

Suburban

Do you identify yourself as any of the following?

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf-livestock conflicts

Wolf-human interactions

Land management

Habitat connectivity

Information and education

Goals objectives strategies and tasks

Costs and funding priorities

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Human activities have negatively impacted wildlife and robbed many of their homes and their lives. The new plan should prohibit recreational killing of wolves. When wolf - livestock conflict happens, wolves should not be blamed by default. Use/misuse of public land should be especially evaluated. It would be a shame for the April 2019 incident to happen again.
