What is your gender?

Female

Age?

1

County (or Counties) of Primary Residence?

Tarrant

Residential setting:

Suburban

Do you identify yourself as any of the following?

Environmentalist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Translocation

Land management

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals objectives strategies and tasks

Costs and funding priorities

Economic analysis

Please list other topics here. The next page provides space for general comments on the scope of the plan.

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

In general, who else will save the species if it is taken off the endangered list. This opens up all to kill and in any form or fashion. We cannot let this occur. We have to save the last of them and work with ranchers to make them understand they may have to change the way they ranch as there is no more land left for these amazing creatures. Who were here before us. We are the ones with this ability. Please do the right thing. Leave them alone.
